SEEDS

for the

NURSERYMAN AND FORESTER

Seeds of

- Part I Fruit Stock — Nut Trees
- Part II Conifers
- Part III Deciduous Trees and Shrubs
- Part IV Seeds of Subtropical and Tropical Plants
- Part V Hardy Herbaceous Perennials

1946

F. W. SCHUMACHER

HORTICULTURIST

JAMAICA PLAIN 30, MASS.

TERMS

Deliveries are subject to yield of crops and safe arrival of our consignments and prices subject to change.

It is not possible to have all items listed available at all times. A number of perishable seeds cannot be stored successfully and must be ordered in season. All seeds are offered subject to crop failures or short supplies.

All seeds and plants are sold without warranty, expressed or implied as to description and productiveness. Seeds should be carefully inspected upon arrival and claims for conditions made at once. We cannot consider claims after seeds have been stored or planted.

All shipments travel at buyer's risk and claims for damages in transit must be taken up with the transportation companies.

Remittances should include a fair amount for packing and postage. Bags are being charged at cost price.

NOMENCLATURE — The old method is being retained until the trade, as a body, accepts the new nomenclature as of second edition of "Standardized Plant Names," available at \$10.50 postpaid. It is a noble book and should be owned by every up-to-date gardener.

CAUTION — Seeds of horticultural varieties and hybrids, with few exceptions, cannot be expected to come true to name. They are offered here for the convenience of competent plantsmen, for research and breeding work only.

CRITICAL ITEMS — The supply situation caused by war exigencies is only slowly improving. Revival of foreign trade is hampered by transportation difficulties and by requirements for domestic rehabilitation in respective countries.

U. S. A. crops in 1945 failed to an unusual extent. These conditions have caused a critical shortage in many popular seeds. Items thus affected are marked*. They will not be available for winter and spring 1946 deliveries and should be ordered from prospective 1946 crops.

A number of interesting items, as become available only occasionally, are listed without prices. Inquiries for these will be appreciated.

PACKETS — We shall be glad to supply liberally sized packets of all items listed as far as possible, and will charge 20¢ per packet unless otherwise priced.

PAYMENT — 5% Discount for cash with order; for customers of approved credit, 10 days 2%; 30 days net.

SEEDS OF FRUIT STOCKS, NUT TREES, ECONOMIC PLANTS

(Quantity prices upon request)

	oz.	$\frac{1}{4}$ lb.	lb.
APPLE, Baccata, dry pomes65	2.00
Common, French cider crab25	.75	2.25
APRICOT, common25	.85
CHESTNUT, Oriental blight resistant, large fruited crenata type50	1.50	
American x European Hybrid, medium sized, sweet nuts50	1.50	
European (sativa)30	.85	
CHERRY, avium40	1.25
Mahaleb		1.00	3.00
*PAWPAW20	.50	1.50
PEAR, French seed		1.35	4.00
PERSIMMON, Native30	.90
Kaki, large fruited Chinese P45	1.25	3.75
PLUM, Americana50	1.50
Beach Plum (martima)40	1.25	
Green Gage (Reine Claude)50	1.50	
*Japanese (salicina-Satsuma variety)35	1.00	
Myroblolan (cerasifera)55	1.50	
FILBERT, American35	1.00
European (avellana)25	.75	
Filbert Hybrids, large fruited garden varieties35	1.00	
Purple-Leaf Filbert65	2.00	
HICKORY, Bitternut (cordiformis)25	
Mockernut (alba)25	
Pignut (glabra)25	
Shagbark (ovata)25	
Shellbark (Kingnut) laciniosa30	
PECAN, Large fruited, Paper Shell75	
Naturals55	
WALNUT, Black Walnut20	
Black Walnut, New York State30	
Black Walnut, from named varieties selected for size of nuts of ease of cracking; Ohio, Stabler, Ten Eyck, Thomas, separately or mixed55	
Butternut25	
Butternut, New England collected30	
California Black Walnut50	
English (Persian)75
